WON'T DECLARE POLICY

Democrats Decline to Make Statements

Richardson of Tennessee for
Speaker.

Republicans Nominate Hen-
derson of Iowa.

WASHINGTON, Nov. 30.—The Demo-
cratic members of the House of Repre-
sentatives met in caucus today and
nominated James D. Richardson, of
Tennessee, for speaker. All former
Democratic nominees for office were
also renominated. Several resolutions
defining Democratic policy were referred
to a special committee to be appointed
by Chairman Hay, of Virginia. There
was a strong sentiment against taking
any action.

Republican Caucus
WASHINGTON, Nov. 30.—The Republi-
can members of the house met in con-
ference this afternoon. Chairman Can-
non presided. David R. Henderson
(Iowa) was unanimously nominated for
speaker. All old office holders were no-
minated without opposition.

General Henderson addressed the con-
ference at length. Dalzell, (Penn.) offered
a resolution that the rules of the fifty
sixth congress with slight modification
be adopted by the fifty seventh congress.
Hobbs, (Iowa) offered an amendment
that the rules be adopted for forty
days, when they shall be brought before
the house for consideration. This started
a debate which lasted during the after-
noon.

vocated a crusade against Anarchists,

creeds that widely differ from that of
Rome, but it is officially denied that
the Pope said anything of the kind.

The Rev. W. F. McGinnis, pastor of
St. Francis Xavier's Church in Brooklyn
and president of the International Catho-
lic Truth Society, has received a letter
from Cardinal Secretary at the Vatican,
to the effect, having been written in re-
sponse to one of inquiry from the So-
ciety: "The substance of the letter which
was written in Italian," said Father Mc-
Ginnis, "was that the whole thing was
made out of whole cloth and the report-
ed discourse of the Holy father has never
taken place and we are authorized offi-
cially to deny the circulated reports."

WASHINGTON, Nov. 30.—President and
Mrs. Roosevelt and a large number of
Washington officials left this morning to
attend the West Point-Annapolis foot-
ball game at Philadelphia. The Presi-
dent was as enthusiastic as any in the
outgoing crowd. "I am occupying," he
said with a hearty laugh, "a position of
rigid impartiality."

Franklin, Field, Nov. 30.—President
and party arrived 1:50. Huge stands
arose en masse and cheered for Presi-
dent. Navy won the toss, took west goal

PACIFIC COAST TO LEAD

Progress

British Shipbuilder Admires
Our Pluck.

He Wonders at the Shortage
of Cars.

NEW YORK, Nov. 30.—Sir Christopher
Furness, of Furness, Withy & Co., Ltd.,
the well known British shipping firm,
will leave for home on Tuesday next.
Sir Christopher has traveled very ex-
tensively both on the Atlantic and Pa-
cific coasts, with a view as he expressed
it, of "taking a rest and studying the
general situation in the industrial world
in this country." Incidentally he drop-
ped the remark that he had become in-
terested financially in a new ship yard
which is about to be established in this
country. He would, however, give no
definite idea either of the ship yard or of
the amount of capital to be invested by
himself or others. Sir Christopher said
in reply to questions:

"I came out in September and have
been all over the country. I have found
things very different from what they
were during my last visit, which was
in 1897, more particularly on the Pa-
cific Coast. There is no doubt in my
mind that we must look to the Pacific
Coast for the great developments in the
United States during the next few years
and if we, in England could get such
benefits when the African war is over
as the United States has secured through
the Spanish War, I am quite sure there
would be no complaint whatever about
the money the war has cost. I don't
mean to intimate any belief that other
sections of the United States will not
progress rapidly during the next few
years but I do venture to say that during
the next few years, the progress will
show a much greater ratio in the Pa-
cific States than elsewhere."

"So far as the industrial condition is
concerned, I have seen in all directions
every evidence of great activity. Where-
ver I have gone I have heard from fac-
tories, and in fact all directions an outcry
for cars to move goods. I have spoken
to the railroad people and find they have
not the cars to furnish."

HEALTH OFFICIALS BLAMELESS

Tetanus was not Caused by
Vaccine.

NEW YORK, Nov. 30.—A special to the
Herald from Camden, N. J., says the
special committee of experts appointed
by the Camden Board of Health to make
a thorough investigation of the case of
tetanus has just made a report to that
body, asserting that not a single case of
lockjaw has resulted from injection of
vaccine virus. Every one has been due,
it finds, to the atmosphere and telluride
conditions which have prevailed during
the last six weeks.

There had been a long period of dry
weather with high winds so that tetanus
germs, says the committee, which have
their normal habitation in the earth
dust and dirt of stables, has been con-
stantly distributed in the atmosphere.
In the committee's opinion vaccination
is harmless though care should be ex-
ercised in the treatment of the wounds.

STOCKS REMAIN UNCERTAIN

President's Message May De-
nounce Combination.

NEW YORK, Nov. 30.—The undertone
of firmness in the stock market has per-
sisted and individual stocks have risen
sharply, but the general upward tend-
ency which developed late last week has
not been maintained. The weakness
and violent fluctuations of the Amalgam-
ated Copper have made an unsettling
influence. The fear that the President's
message may take strong grounds against
combinations of capital has affected
speculation and the recovery in foreign
exchange has renewed anxiety lest gold
exports would be resumed. The unex-
ampled prosperity of the iron and steel
trade, the sustained earnings of railroads
and the general activity and prosperity
reported in trade circles have served as
underlying support to the market to
check declines.

PLOT TO BEAT THE CHURCH

Robbery Planned to Divert a
Bequest.

Peculiar Instance of Greaser
Williness.

MEXICO CITY, Nov. 30.—About a year
ago robbers entered the house of an el-
derly lady named Vasquez and her
widowed daughter, Senora Campello,
and are said to have stolen \$50,000. The
police arrested five men, who were tried
and sentenced to prison for long terms.
It now appears that the affair was a plot
to prevent the money being left to the
church. The aged woman, who is a
member of Vasquez's family, planned
the robbery, employing a friend under
the promise of a reward to get men to
pretend to steal the money.
The robbers penetrated the house and
secured a small amount of money and
jewelry, the larger sum having been hid-
den. The man who was employed to
engineer the supposed steal, not re-
ceiving the reward, confessed, and this
led to the police searching the house
and finding the \$50,000. The money
was taken and deposited in the National
Bank of Mexico.

The men now in prison expect a new
trial and mitigated sentences. The wo-
man who is said to have planned the al-
leged robbery has been arrested and will
be further interrogated and sensational
developments are expected.

Long Hair

Ayer's Hair Vigor doesn't
make every one's hair grow
to a remarkable length. But
it does sometimes produce
the most marvelous results.
This is because it is a hair
food. It feeds the hair,
nourishes it; hence stops
falling of the hair and always
restores color to gray hair.

"Ayer's Hair Vigor stopped my hair
from falling and made it grow, until now
it is 45 inches long."
